Bouncing To The Top

World Champion Athlete Visit

We had such a fantastic day when Kirsty Way, a mini trampolining world champion came to visit us! Kirsty shared all her medals with us and talked to us about her highs and lows of being an athlete. It was an incredibly motivational event, and the children were fully immersed in the experience. We would like to say a huge thank you to all the families who donated and supported this event. We raised over £500 to spend on playground equipment for the school!

Cross Country

We would like to say a massive well done to our cross-country team. The uptake for the Lanhydrock race was fantastic and the teamwork and resilience the children showed was just amazing! Thank you also to Abi Flashman and the team of parents running the weekly cross country club, whatever the weather!

Achieve Believe Enjoy

Sing, Sing, Sing

This year we have done more singing then ever before. Alongside the concerts and nativities, the choir have sung to both the Callington and Harrowbarrow luncheon clubs and performed at the Holly Jolly Christmas Party. Well done and thank you to Mrs Lane and all the children involved; they have sounded amazing and provided a lot of festive entertainment to a range of audiences.

Design Technology

Class 3 used the recent Christmas tree festival as an opportunity to design and make decorations as part of their design technology curriculum. They learnt how to safely drill wood and to hammer in nails. By wrapping thread around the nails they were able to create some lovely festive designs.

Garland Workshop

On Tuesday 21st November, Year 6 pupils participated in a garland making workshop at Cotehele House. Having grown some of the flowers and dried them at school, children were instructed how to attach them to the garland (left) so they wouldn't fall out. This garland can be viewed in the main restaurant at Cotehele over the festive period.

Dates for your diary

- 18.12.23 - School Christmas dinner day
- 19.12.23 - Last day of term and Christmas party day
- 4.12.23 - First school day of the spring term
- 10.1.24 - First swimming lesson for Class 2 (5 week programme)
